LL.M. Program at the University of Salzburg

Dear Colleague,

The Law Faculty of the University of Salzburg offers a 1-year (post gradual) LL.M. program together with the University of the Pacific, McGeorge School of Law, Sacramento, California. The program will focus on aspects of *Transnational Business Law and Practice* and is conducted at the venues of both universities so that students will spend half of the academic year in Salzburg, the other half at McGeorge Law School in the USA.

Applications for the fall semester starting in September 2010 should be submitted until 15th May 2010. Please find additional information in the attached materials (poster, brochures).

We would be pleased if you could inform your local members and other students about this thrilling post gradual opportunity.

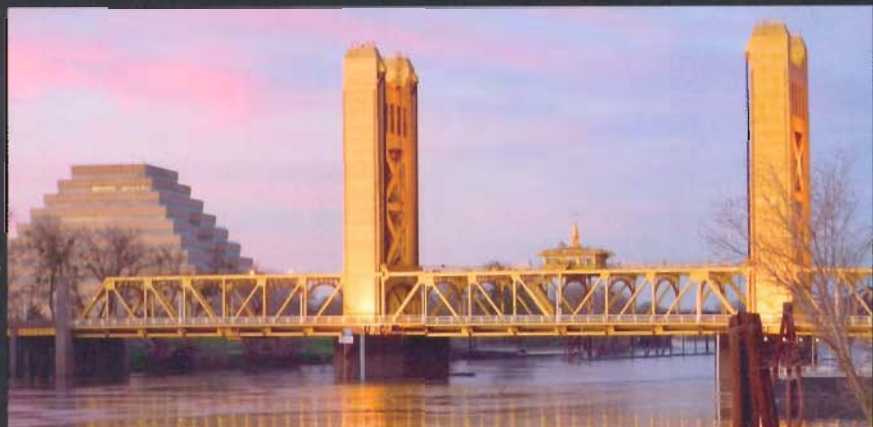

Best regards
